About
Penta Squad**

OUR HISTORY

Itzaz Khalid the founder – launched Penta Squad on January 10th, 2021, as a tech company providing IT solutions to businesses across various industries. The company was born out of the success of Khalid's ecommerce business and the desire to offer all related IT services in one place.

Penta Squad stands out as a unique company that promotes the knowledge and expertise of e-commerce within its recruitment process. By providing employment opportunities to the unemployed, it offers a rare chance to those seeking work. Penta Squad has set a precedent in Pakistan by being the first to offer free training and hiring those who completed it, inspiring other companies to follow suit.

Since its launch, Penta Squad has expanded from a single location to a global corporation, operating in multiple cities worldwide. Today, the company has over 100+ major and minor subsidiaries, with growth and expansion continuing to be a top priority.

As Penta Squad expands its reach, it remains committed to offering business and career opportunities across various sectors, solidifying its place as a leading player in the tech industry.

WHAT MAKES US UNIQUE

Empowering Your Success:
Your 360-Dimensional
Partner in Business Expansion.

Our mission is to help businesses expand their reach to an international audience. We strive to be the backbone for startups, fresh entrepreneurs and potential partners. Through our joint venture program, we offer the opportunity to collaborate with us and thereby become successful business owners.

We offer 360-dimensional services to craft personalised strategies tailored to your needs.

We provide mentorship sessions to startups and help them get the ultimate solution for establishing a successful business. During these sessions, entrepreneurs can also find other companies or businesses which can be a good fit for their venture, and we assist in the settling of any necessary deals.

Penta Squad provides a unique opportunity for young professionals to gain valuable work experience, develop their skills and grow professionally by providing job opportunities that span a variety of departments and fields. You are not limited to one particular area and can transition between different companies to gain more exposure and development options.

We have a unique approach to hiring, which involves training potential hires from our expert group. This ensures that we get the desired outcomes from our employees and makes sure the recruitment process runs smoothly.

FOUNDER STATEMENT

I am confident that I can create a robust business structure which is highly resilient to any external factors and build a team which is unstoppable.
